THE ICE CREAM FEED

The ice cream feed, was just one of our noon time activities, but I'm sure it's one we will never forget. The teams consisted of a boy and a girl from each class. The girl, while blindfolded, fed a bowl of ice cream to her partner. Such comments as "BACK OFF", and "MOVE THAT SPOON", brought much laughter to the already hilarious event.

The Dixie-Drop

The Dixie-Drop got off to a bad start, during first lunch. But second lunch brought up the rear, with shining smiles on their soaking wet faces. The object was to fill a coke bottle with water while the bottle was sitting on your partners head. To a spectator, this might have looked like the old Chinese-Water Torture. To the contestants, it was great fun!
